

DRIVE IMPACT WITH UREEKA IGNITE

Get involved with our mission and help an entrepreneur today

Businesses are 2x more likely to succeed when they work with a coach¹ and that work can increase their profit margins by 46%². For many entrepreneurs, the clarity and accountability they learn from working with a coach is the answer to sustainability. The expense can be the difference between success and lingering mediocrity.

BUT, most can't afford it or don't know how to find the "right" help. *You can change that.*

Ureeka Ignite gives partners like you the opportunity to impact highly driven entrepreneurs with limited resources through a proven methodology.

Our turnkey program goes beyond lectures and articles – we pair funding with education and a network of support to create immediate impact and sustainable growth for every business that goes through it.

1 | EDUCATION

Entrepreneurs start with our holistic Essential Series that guides them through training around customer acquisition, finance and strategy.

2 | GRANTS

Upon completion of required courses, they are awarded a minimum of \$5,000 to execute new strategies built during their education.

3 | COACHING & MENTORSHIP

Support continues with coaching sessions ensuring entrepreneurs have the help they need to implement what they learned.
